This spacious and open floorplan is perfect for your family. Imagine yourself spending a warm summer night on your large front porch sipping lemonade and talking to the neighbors or spending a quiet night in your private garden under your covered back porch. Family and friends can gather around the breakfast bar in your large kitchen for casual meals and relax in the spacious great room for an afternoon of football on TV. This home was designed with you and your family in mind, and for your enjoyment and value every home at West Point Gardens has a basement and central air.
